Optional Attendees:	Thomas, Russell; Gwinn, Maureen

Hi all,

Apologies for the last minute scheduling, but we recently learned that our acting AA would like OPP to make a decision on the chlorpyrifos FQPA Safety Factor and determine mitigation measures within 100 days. This means we will likely need to take the points that we've put together in the limitations table and put together a write-up relatively quick. I'm setting up this meeting so we can discuss.

Thanks,
Monique
